Corso Marrucino, 97, Chieti, Italy

From Marble to Pixels: Bridging Ancient Greece and the Digital Age

Armando Di Bucchianico
Neosellen, Founder & Director

About AGE 2025

This year, for its third edition, AGE – Ancient Greek Event is hosted within the Festival of Culture and Science, organized by the “G. D’Annunzio” University of Chieti-Pescara. The event takes place in various historical and significant locations across Chieti, one of Italy’s oldest cities, further emphasizing the parallel between past, present, and future that the event aims to highlight. AGE is structured into four main sections: Conference, Gallery, Virtual Conference, and Virtual Gallery. More than ever before, this edition brings together some of the most prominent figures from key international sectors, fostering a unique dialogue between tradition and innovation.
